

# POLYIMAGE LABS

- ❖ Interested in building the next gen compiler infrastructure to accelerate AI/ML computations?
- ❖ Plenty of challenging and exciting research, development, and engineering opportunities!
- ❖ At the intersection of Compilers, AI/ML, and High-performance Computing.
- ❖ Regular positions / Interns: Solid Computer Science system building skills desired.
- ❖ More information: <https://www.polymagelabs.com>
- ❖ Contact: [info@polymagelabs.com](mailto:info@polymagelabs.com)

## Explosion of AI/ML programming models

Compiler Infrastructure

## Explosion of AI/ML accelerators
